

To Board of Directors of the Eastern Canadian National Alpaca Sale and Futurity;

On behalf of the membership of Alpaca Ontario and Board of Directors of Alpaca Ontario, we thank you for the encouragement and financial support of the rebuilding of the AO Website, specifically the education and marketing sections thereof, in the promotion of the alpaca industry in Ontario and Eastern Canada.

Although the alpaca industry is still considered an industry in it's infancy in comparison to others, the continued cooperation of organizations and associations to jointly engage in these endeavours will only ensure the success of our common goals.

Much success in your future endeavours.

H. A. Mengers
President AO

Mark Diebel
Secretary AO
